

Professor of the Year

The Management Program at the University of Toronto Scarborough is the proud home of renowned and committed faculty. As students, we have access to leading researchers and brilliant professors who avidly dedicate themselves to our learning experience. As the official Department Student Association for the Management program, MESA has made it a priority to recognize the efforts put forward by Management faculty every year.

For this reason, MESA invites all Management and Economics students to nominate their “Professor of the Year” for the 2018 – 2019 academic year. We encourage all students to take part in nominating the work of full-time, part-time and sessional professors who have positively contributed to their undergraduate education. All students are entitled to at least one nomination and all nominations will be kept confidential.

The award will be presented to the most voted nominee on the evening of the Management Gala, taking place on March 29th, 2019. Since the Management Gala is a time of celebration of achievements, recognizing the Professor of the Year has been an annual tradition, and has thus gained a reputation of prestige and honour among the faculty of UTSC Management.

Students are to submit their nomination by **Sunday March 3rd, 2019 at 11:59pm**. If you have any questions, please contact Justin Wong (wjustin.wong@mail.utoronto.ca).

CRITERIA

A nominee for Professor of the Year must be an active professor within the Department of Management & Economics (this includes part-time and sessional professors). The nominee must demonstrate exemplary performance meeting the following standards:

- Promotes student success by facilitating a dynamic learning environment
- Upholds an approachable and supportive attitude towards students
- Provides the necessary course resources in an organized and effective manner
- Promotes student success by responding to various learning styles
- Demonstrate exceptional teaching style characterized by leadership, class interaction and overall lecture experience
- Committed to educational excellence and student achievement

- Integrates creative and innovative components to course(s) where applicable
- Available for continuous student support beyond classroom boundaries
- Displays passion and enthusiasm for course content, thus providing a positive learning experience
- Execute beyond students' expectations as an academic professional at the University of Toronto Scarborough
